THE BEE HIVE.

A Feast of Bargains

FOR THANKSGIVING WEEK!

If selling trustworthy merchandise at prices much lower than ever known before is any reason for your "giving thanks," you'll find innumerable causes for gratitude at our store from now until Thanksgiving Day. It will be expensive for us, but we'll make better friends of you.

GIVE THANKS FOR THESE.

Your choice of our entire line of Calicoes, over 700 bolts, including Fancy Prints, Best Bines, Turkey Reds, Black and White, Silver Gray, Comfort Calicoes. Every piece guaranteed "full standard," and never sold under \$5. to \$7. a yard. Our Thanksgiving price is a yard. Simpson's Solid Black Prints \$3. a yard. Other prints \$3. a yard. Remember, the above bargain feast ends on Thanksgiving Day.

BLANKETS AND COMFORTS.

Prices are cut to make you thankful. A great 10-4 Blanket in white or gray, 89c. a pair. A very superior Blanket, worth fully \$1, at 79c. a pair. Our special price breaker is a 11-4 Blanket of ordinary \$2 value, our price \$1.25. Comfor-tas range in price from 39c. to \$2. We warrant prices at least 30 per cent. below others.

BUY YOUR TURKEYS.

From the savings you can make in our CLOAK DEPARTMENT. Our Cloak business has been immense. These prices will tell you why: Superior Cloth Capes trimmed with braid and ornamental buckles at 69c., 99c., and \$1.10. A double Kersey Cloth Cape and a beautiful Bondele Cape, both trimmed with fur, would be cheap at \$2.75, our price \$1.98. Our Ladies' and Misses' Jackets at \$4.95 outwit all competition. And those Infant Cloaks at 99c. are eagerly purchased by thoughtful and prudent mothers.

MISCELLANEOUS THANKSGIVING SUGGESTIONS.

No description necessary; price do all the talking. Savon Santa Soap, 3 cakes to a box, 2s. a box, 3 boxes for 5s. Olive Oil Castile Soap, 5c. a double cake. Heavy Canton Flannel, the 6th kind 5c. a yard. Green Tickets Blasted, 5s. Men's Heavy Underwear, 1s. a garment, 85c. a suit. We regret we cannot tell you all the Thanksgiving Bargains. There are many others. Come and investigate.

SOCIETY SHOCKED.

Arrest of Topnotchers Creates a Stir in

Two Bluegrass Counties.

A special from Lexington says a scandal of

no mean proportions has shocked society in

South and Northern Kentucky.

In the Court of Appeals yesterday a judge

of the Greenup Circuit Court, refusing

to give a writ of habeas corpus to the

defendant, held that he was entitled to a

new trial.

He was taken from Paris to Georgetown

where he was held in custody by the

husband of Julia Hollingsworth by Dr. Wm. Warnock of Greenup.

Mrs. Rogers was thought to be living happily

with her husband.

GOOD WOMAN GONE.

Contracts a Fatal Disease While Adminis-

tering to the Needs of Others.

Mrs. Elzie Cuff died at noon yesterday at

her home near Lewisburg after an illness of

several months.

The circumstances under which Mrs. Cuff

contracted the disease which caused her

death are particularly sad. A kind neighbor,

ever ready to respond to a call when others

were not, and especially the too,

too late to help, was the victim.

The most careful attention was given her, but she

succumbed to the disease yesterday at noon.

Decomposition was rapid, the late John

Greenup was buried yesterday.

Mrs. Cuff was one of the best women in

Massachusetts, and her death will be mourned

widely.

Survivors are her husband, three sisters

and two brothers—the former, Mrs. James

Evans and Mrs. John Steers of Lewisburg

and the latter, Mrs. John F. Fornieff and

William Gabby of this city.

This funeral will take place from the family

residence at 1 o'clock, and there, this afternoon,

with brief services by the Rev. C. C. Key.

The interment will be at Mayfield on

sunrise.

"Boss" GEORGE COX of Cincinnati is laid up with a bad cold; but you just ought to see the other fellow.

THE Carlisle Mercury will give a good dinner to every subscriber who pays \$1.50 on his account next Tuesday. Phew, Bro. KELLER, that's dread easy! THE LEDGER will give a week's board at the New Central to a lot of its "patrons" if they will only plunk down what they owe.

Timorous the medium of the French Embassy, the United States Government has informed Spain that the evacuation of Cuba and its occupation by the United States must not be deferred beyond Jan. 1. If the demand is not complied with the next demand should be made through the medium of a few rapid fire guns.

THE best joke of the season comes from the Phillips. It is said that soon as the Spanish forces are withdrawn from Cuba and its occupation by the United States will be the war against the United States. But, as old boy, it's a sure pop that the fool killer hasn't been in your neighborhood since you were born.

THE annual convention of the Knights of Labor is in session at Chicago, and it is said the Knights will pass resolutions combating the assertion attributed to President SAMUEL GOMPERS of the American Federation of Labor that organized labor is against the acquisition of conquered territory.

THE Missouri Supreme Court has decided that the Jellia Law, enacted by the Legislature in 1894 and providing for the sale of public franchises to the highest bidder, is unconstitutional. Kentucky has the same sort of a law, and her chance for some hungry lawyer to go gassing for it.

GENERAL WHITTING, Collector of Customs at Manila, insists that our "splendor should be compensated with cunecation" in our dealings with the Philippines. That's all right, General; but too much "cunecation" creates such a degree of declension in the atmosphere that it becomes demoralizing and inevitably casts a penumbra over the propulsive fruition of correlative correspondence.

OUR of the \$1,210,292,078 worth of domestic merchandise which the United States sold to foreign countries during the fiscal year 1896-97, the largest portion, \$845,827,900, says

As to THE Farmers. The American Economist, was made up of products of the farm.

This was an increase of \$171,156,790 over the exports of agricultural products for the preceding year. During 1898 there was an increase in every farm product exported with the exception of cotton, and the increase in the value of cotton is due to the reduction in the price, and is the case of the tobacco to the shutting off of the Cuban trade. The value of wheat exported in 1898 was \$85,704,491; that of wheat flour, \$30,249,871, and corn, \$20,110,609, all three being a fair increase over the exports of these articles the year previous.

The value of the three principal articles of imports in the agricultural line, coffee, sugar and wool, shows a wonderful decrease in 1898. In 1897 we paid \$81,064,440 for coffee, leaving us \$1,000,000 less. Last year we paid \$61,726,768 for sugar, which was \$30,198,479 less than what we paid in 1897. The amount of wool imported in 1897 was \$50,852,026 pounds, as against \$82,755,302 pounds in 1898, the decrease in value being \$86,400,400. The heavy decrease in these products is owing to the heavy importations made before the Dingley Bill was made a law.

Altogether the first year of restored Protection had worked well for the American farmer. He may well be content with a policy which secures for his produce an increased home consumption while at the same time it provides an outlet for the disposal of the surplus in foreign markets.

Burnt by shooting soldiers from three Negro regiments at Liliuokalani in San Juan Province, Cuba, caused an affray, in which six persons were killed and several wounded. The "Proverbial Guide" on destroying property, life and property, as fired upon by the Negroes.—*Courier Journal*.

For Heaven's sake don't call these "soldiers"; they are hoodlums, pure and simple. But, Bro. KELLER, who wears a military uniform and transgresses the law or makes a spectacle of himself is a disgrace to the country which that uniform represents, and it should be stripped off him. No more honorable title than that of Soldier; no more despitable than that of a hoodlum.

YARDS AND DOCKS

Chief Endicott Makes His Annual Report to the Secretary of the Navy.

WE NEED MORE DOCKING FACILITIES.

Should Be Placed at Key West and Dry Tortugas, the Key to the Gulf of Mexico.

Cooling Station Established at Faso Page
—The Port of San Juan, Porto Rico—
Estimates for the Various Navy Yards for Next Year.

WASHINGTON. Nov. 18.—In his annual report to the secretary of the navy, Chief Endicott, of the bureau of yards and docks, makes a strong point of the necessity for ample docking facilities, not only for small vessels but for the battle ships upon waters near Key West. He said this place was, during the war and may be in the future, an important base of naval operations, able strategists having pronounced Key West and Dry Tortugas the key to the Gulf of Mexico. The small showing made in dock accommodations is very marked as compared with the other naval powers of the world and although the expenditures for dry docks by the United States will be large in the next few years, Chief Endicott says he can not fail to ask a continuance of the liberal policy of the government until the country is well fitted for handling its fleet in the dock yards without compelling vessels to perform long sea voyages to reach docking ports. The estimates submitted for the next year provide for only one new dock, which is to be of the largest type, constructed of granite and concrete, and located at the Norfolk navy yard.

Under the head of cooling stations the report tells what has been done toward establishing such a station at Faso Page, on the island of Tutila. It is reported that the United States has acquired 15 acres of land at Swimming point and Observatory point, and has contracted for a steel pier, coaled and other improvements necessary to store 5,000 tons of coal and other supplies.

The report states that the United States has come into possession of the port of San Juan, of a naval arsenal, founded in the year 1800, containing a number of magazines, gunpowder buildings and three good piers. The total value of the buildings and arsenals and grounds is about \$100,000, and it has been erected into a United States naval station.

The estimates of the various navy yards for the next fiscal year are as follows:

PORTSMOUTH, N. H., \$30,000; Boston, Mass., \$67,000; New London, Cts., \$25,000; New York, \$62,000; League Island, Pa., \$75,076; Washington, D. C., \$205,000; Norfolk, Va., \$80,000; \$100,000 being for a new dock; Port Royal, S. C., \$140,000; Key West, \$112,500; Mare Island, \$85,750; Puget sound, \$35,000.

Treatise of this last station, Puget sound, Chief Endicott says that if it is important to equip a first class naval station in that vicinity, a new site should be selected, for the present has none of desiderata of a good naval station. There is no nearby population to draw upon for skilled labor; no available market for supplies; no railroads connecting with the Pacific. Under these conditions, it is said to be doubtful if it would be wise to build up a large station at this point. The report also comments upon the fact that no battle ships or heavy dredging cruiser has yet approached the wharves at Mare Island and says it remains to be demonstrated that this precise location as a navy yard was a fortunate one. Attention is called to the fact that the Oregon was compelled to go 900 miles to San Francisco to be docked. While the government could construct the amplest dock facilities on San Francisco bay, this would still be 450 miles north of the southern boundary of the United States, where it is quite as important to have a naval station as on the northern boundary at Puget sound. Therefore, it is recommended that a board of experienced officers be directed to give attention to the establishment of such a station near the southern limits of the Pacific coast.

The total estimates of the bureau for the next fiscal year aggregate \$87,481.

Prof Van Ingen Dead.

POUGHKEEPSIE, N. Y., Nov. 18.—Prof. Henry Van Ingen, the artist who became famous through his oil painting since its opening in 1865, died suddenly of angina pectoris at his home Thursday night, aged 63 years. He was born in Holland, where he received his education, and came to this country about 1861.

Honoring Chinese Soldiers.

LONDON. Nov. 18.—The marquis of Lansdowne, secretary of state for war, has issued the necessary orders for the enrollment of a battalion of 1,000 Chinese to serve under British officers at Wei-Hai-Wei, the recently acquired British naval station on the north coast of Shantung promontory.

THE PENSION OFFICE.

Chief Ashworth Says 163,596 Cases Were Received and Disposed of During the Last Fiscal Year.

WASHINGTON. Nov. 18.—Col. F. C. Ashworth, chief of the record and pension office, war department, in his annual report to the secretary of war, says that 163,596 cases were received and disposed of during the fiscal year, a net increase of 48,489 cases received and disposed of.

The great mass of recorder of all wars in which the country has been engaged (except those of the recent war with Spain) has not yet been settled. The work of recording and the work during the past year has been generally confined to those of a miscellaneous character, difficult of reproduction and the transcription of which is necessarily slow, but of importance. This is especially the case with regard to service in the revolutionary war, the only evidence of service in that war being, in many instances, the personal mention found in the miscellaneous and fragmentary records now in process of examination and reproduction.

ANOTHER RIOT IN PANA.

Non-Tacna Colored Miners and White Strikers Clash—Several Hundred Shots Were Fired.

PANA, Ill., Nov. 18.—Non-union colored miners and white strikers clashed in the streets of this city again Thursday. Several hundred shots were fired but the combatants did their shooting from behind trees and hedges, consequently no blood was spilled. The trouble is said to have been started by an unknown who fired upon Wesley Powers, a striker. Powers says he was walking near the Springfield colliery, where the Negroes are quartered, when he was fired upon. He secured a rifle and reinforcements. Meantime the Negroes appeared in force and the shooting became general. After several hundred shots had been exchanged the Negroes retreated to their stockade. No damage was done. The militia arrived too late to get into action, but patrolled the Springfield district Thursday night in force.

PRESIDENT DWIGHT RESIGNS.

The Resignation of the Noted Educator is to Take Effect at the End of the Yale University Year.

NEW HAVEN, Cts., Nov. 18.—At the meeting of the corporation of Yale university late Thursday afternoon President Dwight announced that he resigns his position. The resignation is to take effect at the end of the university year. The corporation requested President Dwight, however, to delay his retirement until October, 1901. President Dwight, however, insisted upon his resignation at the time stated, and the matter was referred to a special committee to report at a meeting of the corporation to be held on December 13.

AMENDMENTS CARRIED.

The Franchise Extended to Women on School Matters in Minnesota—Establishment of a Road Commission.

ST. PAUL, MINN., Nov. 18.—Four constitutional amendments which were voted on at the recent elections in this state have been carried according to official returns so far received. The vote from 37 counties on the amendment to extend the franchise to women on school matters shows a majority of 70 percent. The other three, requiring a majority of voters present to adopt a constitutional amendment, house rule for cities, and for the establishment of a road commission.

SPANISH PAPERS RESTLESS.

The Government Urged to Yield, Since It Is Impossible for Spain to Win the Struggle With America.

MADRID, Nov. 18.—All the papers depurate the dilatory proceedings at Paris, expressing their belief that all the Spanish commissioners declined arbitration and left the government to yield quickly, since it is impossible for Spain to renew the struggle or expect European assistance and, furthermore, because it would be better to cease wasting money and to concentrate attention upon Spain's domestic affairs and the restoration of her finances.

Good Friend for Berkshire Boys.

SPRINGFIELD, Ill., Nov. 18.—Thirty-nine Berkshire boys of the Elmo' of Reuben Centry, Danville, Ky., sold Thursday at the fair grounds here 30 head averaging 800 lbs. The boar, Columbus Duke, was sold to Berry & Juncman, of Barclay, Ill., for \$1,300. This is the highest price ever paid at auction for a Berkshire hog.

WILL ACQUIESCE.

The Spaniards Are About to Accept America's Terms and Sign the Treaty.

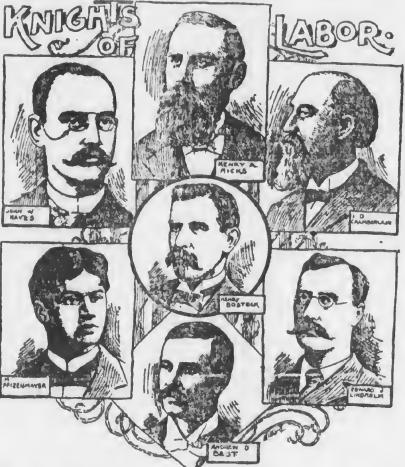

MIDNIGHT CABLE FROM JUDGE DAY.

The Peace Negotiations at Paris Will Soon Be Brought to a Satisfactory and Happy End.

Americans Will Present a Form of Agreement—Spain May Ask for Time to Consider, But There is No Doubt That an Agreement Will Be Reached.

WASHINGTON. Nov. 18.—The president Wednesday night received a long cable from Judge Day, who is in charge of the peace commission, giving him the situation in regard to the Philippines, and the purpose of Spain's answer made Wednesday. The most significant part of Judge Day's cable was the assurance that the negotiations would soon be brought to a satisfactory end.

Judge Day stated that, despite the contrary, Spain had realized that it was useless to further delay matters, and that they would soon accept the terms of the United States. And in his opinion a treaty would be signed. This information was most pleasing to the president, who was awaiting the launching of the ram battleship Formidable at the dock yard here. She is said to be the largest war ship in the world, being of 15,000 tons displacement. She is 400 feet long, has 75 feet beam and draws 36 feet 9 inches of water. She cost over \$1,000,000, and is estimated to steam 18 knots. The chancellor of the exchequer, Dr. Michael Hicks-Beach, the first lord of the admiralty, Mr. Goschen and Adm.

especially in view of the numerous reports and the apparent feeling of a long and protracted war. Spain would bring up the question of arbitration, then demand a treaty. It is now said that since the translation of Spain's answer Wednesday the question has become one of diplomatic agreement rather than one of a fact. The form of this agreement, it is stated, will be presented at the meeting next Saturday, and while Spain may ask for a little time to consider the matter, there is no question but that finally an agreement will be reached.

In fact, it is stated that the American commissioners have been instructed to inform the Spanish commissioners that Spain's sovereignty over the Philippines has ceased and this can not, from the standpoint of this government, be further considered or submitted to arbitration as the Spanish propose. In other words, the Americans will virtually give the ultimatum on the question of Spanish sovereignty, and will demand either that the Spanish surrender or take the responsibility of withdrawal, in which case the Spanish from the negotiations. This is the opinion of Judge Day, they will not do, but will ask for consideration of questions of compensation and other matters, and before long the treaty will be in form and ready for signature.

LONDON, Nov. 18.—All the special dispatches to the London papers Friday morning from Paris express the belief that the Spanish commissioners will finally yield, though under protest, to the American demands.

William Will Keep Out of Spain.

BERLIN, Nov. 18.—An official dispatch announces that the Kaiser has sailed for Poin and will go directly from there overland to Berlin, consequently he will not visit Spain. The sudden change of temperature of the Mediterranean was injurious to the emperor's health and that caused the emperor to change his plans.

THE KAISER'S MOVEMENTS.

The London Times Reports That a Change of Irrigation to Louis Suau Has Been Moved by His Change of Plan.

LONDON. Nov. 18.—The Times editorially Friday morning hails Joseph Chamberlain as the "apostle of better understanding" with the United States and Germany's adding that it rejoices that in view of the part the United States are likely to play in the far east, a cause of possible irritation has been removed by Emperor William's change of plans as to his homeward journey.

With regard to Anglo-American cooperation in the far east the Times says:

"Its effectiveness will largely depend upon our ability to do our share of the work and to protect our own interests without calling upon our friends."

Direct Route Between the East and West.

Passengers travel to and from Point East or West, and desiring a quick and comfortable trip, should take the Baltimore and Ohio Southwestern Railway. It is the only line operating in the country between the Atlantic and Pacific Oceans, from Pittsburgh, Cincinnati, Louisville, Indianapolis, Indianapolis, and St. Louis, through Louisville, Cincinnati, and St. Louis, to the Pacific Coast. It is a line of great convenience for speed, comfort, and safety, and the regularity of its trains is proverbial. The traveler over the B. and O. is permitted to enjoy the glories of the greatest scenery in America. The Atlantic Ocean, the Mississippi River, the Ohio River, the Allegheny Mountains, the beautiful Shenandoah River, the historic Potowomoy, and the Blue Ridge, all are to be enjoyed.

The "Royal Blue Service" consists of the most magnificently furnished Pullman drawing-room sleepers, and luxuriously appointed dining cars operated by the company. Mean speed, 40 miles per hour. The coaches are all lighted with Pintech gas, and have the latest conveniences, including the most comfortable smoking saloons and vestibules. All trains of this line connect in the Union Depot with those for points in above named cities.

The "Royal Blue Service" is a favorite route with all commercial buyers when traveling between New York and the West.

For rates, time of trains, etc., call on Agents B. and O. S. W., address O. P. McArt, Gen'l Pass. Agent, Cincinnati, Ohio.
